

# July Clearance Sales

66

Twice a year we hold a final disposal sale—one in January and one in July. Though we hold many interesting sales throughout the year, these two are the most important, for all our remaining stocks of the season are offered at prices that bear no relation to their actual worth or value. But this season's disposal sale is destined to eclipse both in point of completeness and money saving possibilities the most brilliant twice-a-year achievements of other seasons. This due to the unseasonableness of the weather—when winter winds persistently refused to give way to the warmer climate leaving us with more merchandise on hand than ordinarily at this time of the season and to our determination that these great stocks of seasonable merchandise must speedily find new owners in order that our inventory sheets be free from "carry overs" and small lots. Come and help us accomplish our aims—and by so doing help yourself.
